sent note to Connor Scully-Allison and Eric Fritzinger on 10/8/19
reply: *Oh. Thank you for notifying me of this Amy! I apologize for the delay on the upgrade as well. I recently graduated from UNR and moved into a PhD program at the University of Arizona. Accordingly, I should let you know that I am currently transitioning out of my role as the admin for the NRDC and passing it onto another grad student: Andrew Munoz (cc'd) on this email. He will now be your primary contact, but I am available for help if need be.

As for the moment. Andrew and I will get this certificate updated and get this upgrade going for our VM.*
